

CITY OF LODI COUNCIL COMMUNICATION

AGENDA TITLE: Public Hearing to introduce ordinance amending Chapter 13.20, "Electrical Service," by amending Section 13.20.210 Schedule EM (Mobile Home Park Service) to become effective July 1, 2007 (EUD)

MEETING DATE: May 16, 2007

PREPARED BY: Electric Utility Director

RECOMMENDED ACTION: Conduct a public hearing to consider changes to Chapter 13.20, "Electrical Service," by amending Section 13.20.210 Schedule EM (Mobile Home Park Service) to become effective July 1, 2007.

BACKGROUND INFORMATION: At its meeting of February 15, 2006, the City Council held a public hearing to "true up" electric rates for all customer classes. In staff's presentation, it was noted that the rates being charged mobile home parks were substantially lower than those of customers residing in other types of residential homes.

At the October 19, 2005 Council Meeting, staff recommended a Market Cost Adjustment (MCA) for Mobile Home Park Service (EM Schedule) of \$.0698. Council was not comfortable with what could be as much as an 80% increase for Schedule EM (which had been exempt from the MCA prior to this time), consequently the MCA for EM was set at \$.0071. In addition, mobile home park owners remained on the "old" two-tier EM Schedule at a total average electric rate significantly lower than Residential Service (EA Schedule) rates (i.e. 10.7¢/kWh vs. 15.7¢/kWh for calendar year 2006). Before the initial implementation of the MCA (June 2001), the EA and EM rates were the same.

There are six mobile home parks, with a total of 489 (as of April 2007) pads being served by Lodi Electric Utility. Mobile home park owners (master-metered) are billed on the EM rate schedule, they then bill their sub-metered tenants on the applicable rate schedule (EA, Residential SHARE Service ED) and apply any entitled discounts. Residents of mobile home parks are eligible for the same rates and discounts as "traditional" residential customers.

In checking with the six parks in Lodi, staff found there is some variability in the rates charged by the mobile home parks. We found that four parks (412 pads) are charging their tenants at the EA residential rate (about 5¢ per kilowatthour over the EM rate as noted above). The other two parks (77 pads) are using the EM (mobile home park service) rate schedule to bill their tenants.

Currently, Mobile Home Park Service (EM) includes a discount of \$8.13 per month for each occupied mobile home park unit wired for service. This discount provides recovery by mobile home park owners for their costs of owning, operating and maintaining their electric submetered system. Another energy provider within our area that offers mobile home park service provides park owners a discount of \$0.37925 per day or approximately \$11.38/month per occupied unit.

APPROVED: _____
Blair King, City Manager

Implementation of the proposed EM schedule will result in the park owner paying the same rate as they bill their residents (less the pad discount). In the four parks that are currently using Schedules EA and ED for billing, the end-use customer will see no change. In the two parks which have been billing using Schedule EM, the owner and the end-use customer will see a price increase of about 45 percent.

The proposed Schedule EM incorporates the following:

- the mobile home rate structure (Schedule EM) with the same five-tier structure and rate level as other residential services (Schedule EA and ED);
- park owners on the EM rate would pass along all applicable rate discounts (including SHARE, Medical Rider, Combined Medical Rider and SHARE, and Fixed Income Discount); and
- the discount to mobile home park owners would be increased from \$8.13 per occupied pad per month to \$11.38 per month per occupied pad.

Attached are the proposed EM Schedule, the current EM Schedule and the current EA Schedule for information.

FISCAL IMPACT: The impact of changing from the current EM Schedule to the proposed five-tier EM Schedule is estimated to result in additional revenue of approximately \$110,000 per year.

FUNDING: Not Applicable.
